Way To Go can customise a helicopter tour experience to suit your interests and budget. Our specialty is a variety of scenic helicopter tours incorporating our coastlines, vineyards, local mountains, rainforest and limestone areas.

Or for the more adventurous type - take on our heli-biking or heli-skiing experience to combine our beautiful scenery with a day in the mountains.

3 HOT TUBS

Soak in fresh mountain water (we do not add any chemicals). Book a private hot / cool tub with a personal changing room on site. Enjoy complimentary fresh drinking water to ensure you stay hydrated while you soak. Your tub has been cleaned and refilled with fresh mountain water for each person or group. We support environmental sustainability by irrigating water from the tubs back onto the land.

7 LITTLE BLUE PENGUINS

A must see for wildlife lovers.

Just 45 minutes drive from Hunter Hills Lodge we have a colony of Little Blue Penguins, the world's smallest penguin. This colony is the easiest place in New Zealand to view good numbers of Blue Penguins. Best viewing is in the evening and can be combined with a trip to another colony of Yellow Eyed Penguins, and a restaurant meal.

8 SKIING AND BOARDING

The South Island of New Zealand is home of some world famous ski and snowboard fields.

Powder snow, friendly people and uncrowded slopes. Our season runs from July through to September so it may well be possible to combine some snow sport in with your hunting.
